

Integrated Assessment Framework

TLG presentation to Community Stakeholder Group

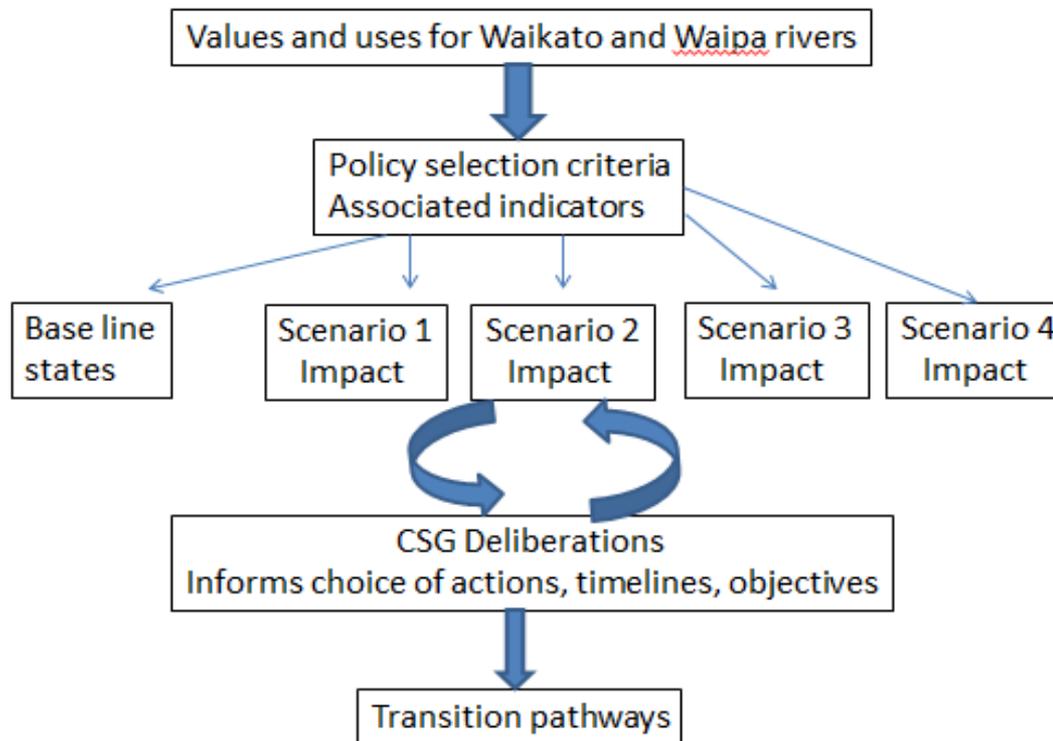

Healthy Rivers CSG

8th September 2015

Where we are in the process

Process of Integrated Assessment

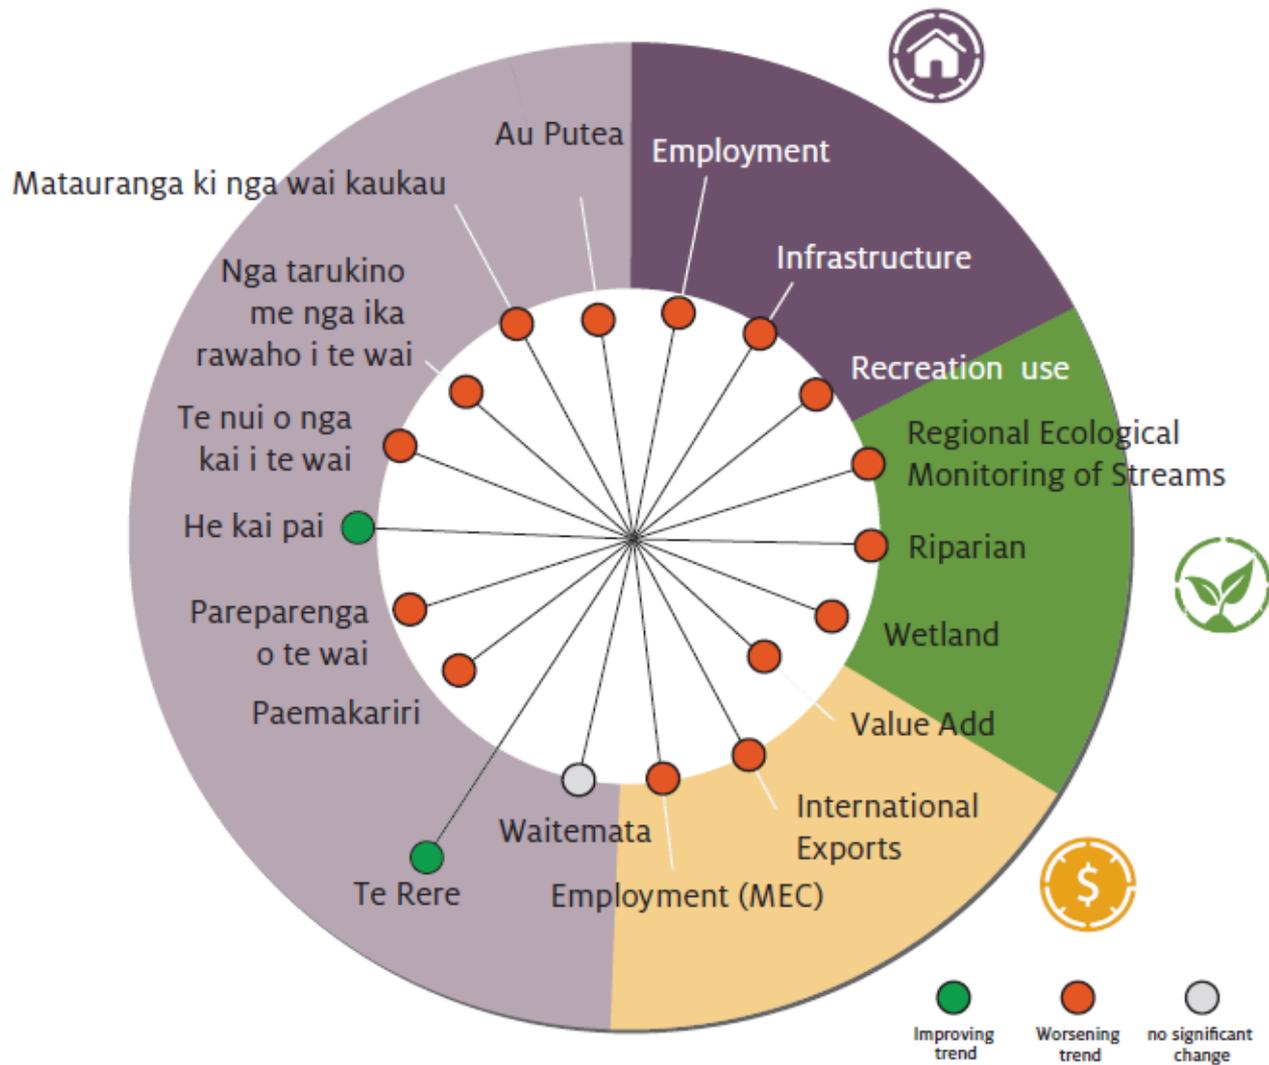

Things you should know about IA

- Qualitative expert evaluation
- IA is in the form of narratives
- Used for relative comparison not absolute
- Should be considered as a set of indicators
- Assessed in a moment of time

Today

- Show you the matrix
- Baseline narratives for feedback and additions
- Structure of presentation of IA
- Booklet for use with communities
- Visual representation of impact across indicators
